Perfect your look with flawless make-up. For timeless skin, try **Maybelline's NY Dream Smooth Compact Foundation**. It's heavily moisturising

and keeps your skin hydrated for 14 hours. \$29.99.

Seal your look with a good powder such as **L'Oreal Paris Infallible Powder**, designed to

withstand heat and humidity and keep you shine-free.

~~\$42.90.~~

If you are looking for timeless glamour, you can't go past red lips. A couple of my favourites are **Maybelline New York Color Sensational in Are You**

Reddy (\$20.99), with honey nectar for nourished lips, and **L'Oreal Paris Color Riche Anti-Age Serum Lipstick in True Red**, with collagen for a plumping effect. \$23.99.

Play up dramatic eyes with a good, thick mascara like **Maybelline New York Volume Express "The Falsies" Mascara**

(\$23.99), and a liquid eyeliner. I've recently been introduced to **Maybelline New York Eye Studio Lasting Drama Gel Liner** and I'm

a convert. It's more intense than liquid but easy to put on and you can play around with layers of it for different intensities. It's also made to last for 24 hours. \$19.99. I love the colours in the **Nutrimetics Parian Lace Colour Palette**. I'm a sucker for a good compact at the best of times, but these six shades are gorgeous. \$59.00.
