Team aims to raise funds for MRI scanner

By **CLAIRE EMMERSON**

A GROUP of Timaru women who joined together last month to sell beauty products have turned their focus to raising money for the health of others.

The four women, who came together in September to sell

Nutrimetics beauty and skin-care products, have organised a pamper and information night in support of the Timaru MRI scanner project.

Group leader Nancy Lawrence said her team believed the scanner would make a difference to

Timaru and "we are really keen to be involved with it".

The event, which includes hand massages, make-up trials, wine and Christmas cake, will give women the chance to relax.

Entry to the event costs \$5, which will be donated to the MRI

project. The event will be held this Friday night from 7.30pm until 9.30pm and this Saturday from 2pm until 4pm at the Community College South Canterbury, 20 Elizabeth St. For more information, call Nancy on (03) 688-1460.
