SMOULDER, SHIMMER AND SHINE THIS SEASON WITH OUR EASY-BREEZY STEPS

3 Timeless TRENDS

Nicole Richie

1. SUBTLE SMOKE

◆ To get Nicole's smoky eyes, opt for a shimmery shadow in earthy brown, steel, deep blue or deep plum shades. Sweep shadow onto lids and blend upwards onto brow bone. Finish with a metallic eye pencil and lashings of mascara on top eyelashes.

1. Nutrimetics Shimmereyes Eye Pencil in Noir, \$19, has shots of silver.
2. Almay Intense I-Color Smoky-i in Trousse, \$30.95.

2. BRIGHT RED LIPS

◆ Bold red lips like Julianne's are the ideal contrast to a pale winter complexion. A flash of the latest fire-engine reds brighten skin instantly. Keep lips neat by patting concealer around your pout pre-application, and use a lip brush so lipstick glides on evenly and smoothly. Hot!

1. Maybelline New York Color Sensational Lip Color in Are You Red-dy, \$20.99, is a bold statement.
2. L'Oréal Paris Colour Riche Anti-Age Serum in Luminous Scarlet, \$23.99, is formulated for women over 40.

Julianne Moore

Amy Adams

3. CAT EYES

◆ Give yourself an instant eye lift with sexy black eyeliner like Amy. Using an eye pencil, draw a line from the inner to outer corners of your eyes, finishing in a slight upward wing. This will act as a guide as you retrace the line with a liquid liner. Top tip: Increase the thickness when drawing outwards. Finish with lashings of mascara.

1. Make-up professionals love M.A.C Fluidline Eye-Liner Gel in Dark Diversion, \$38.
2. Lancôme Precious Cells Mascara, \$60.
